

Thank you for considering Caesars Restaurant for your group booking.

We are very experienced in creating engagements, birthdays, social or corporate functions which require an individual touch rather than a common package.

Some functions are small, intimate affairs which do not require the full restaurant, a private function room is available upstairs which can seat up to 28 guests or a standing function for 70 guests incorporating the outside terrace.

While others are larger and require an exclusive, whole of restaurant booking up to 70 guests seated or a standing function for up to 100 guests.

Whatever your needs, we will strive to meet them as we are a high quality, established a la carte restaurant used to meeting individual tastes and not merely a function centre, we are better able to meet your individual plans rather than forcing you to fit some standard package which really only suits us.

We also cater for Gluten-free and Vegans and have several dishes incorporated in the menus.

Our owner/chef Mario Tavian will be more than happy to discuss your individual needs.

All of our functions receive the same quality food, standard of presentation and service for which we are so highly regarded as an a la carte establishment.
